Initial Patent Examination Division

Commissioner for Patents

Sir/Madam:

This Reply is filed in response to the Notice of Incomplete Reply (Nonprovisional), copy attached, mailed by the U.S. Patent and Trademark Office (PTO) on October 16, 2001.

Applicants submit that their Response to Notice to File Missing Parts of Nonprovisional Application, filed on August 24, 2001, was complete as there are only three inventors in this application.

On December 21, 2000, Applicants filed this application, included in which was an unsigned declaration naming nine inventors. On February 27, 2001, the PTO mailed a Notice to File Missing Parts. Applicants' Response to the Notice to File Missing Parts

Applicant: Ozluturk et al.
Application No.: 09/742,579

included three original declarations, each one signed by one of the three inventors. Copies of the three declarations are enclosed.

37 C.F.R. §1.48(f)(1) provides that "... the first submission of an executed oath or declaration by any of the inventors during the pendency of the application will act to correct the earlier identification of inventorship." Therefore, the only inventors in this application are the ones who signed the declarations filed on August 24, 2001 with the Response to Notice to File Missing Parts, namely Fatih Ozluturk, Gary Lomp and John Kowalski. The PTO's outstanding Notice of Incomplete Reply was incorrect in that it requests the signed oaths or declarations of six people who are not inventors in this application.

Applicant submits that its August 24, 2001, Response to Notice to File Missing Parts was fully responsive. Accordingly, this application should be considered complete and not abandoned. The filing date should remain December 21, 2000.

Respectfully submitted,

Ozluturk et al.
